OBJECT OF JAPANESE

BELIEVED THEY WILL TRY TO EF-
FECT A LANDING AND ISO-
LATE PORT ARTHUR.

ALSO MOVE ON NEWCHWANG

TRANSPORTS CARRYING TROOPS
IN DIRECTION OF SEAPORT
OF THAT TOWN.

St. Petersburg, April 19.—St. Peters-
burg is flooded with rumors from all
directions regarding the plans of the
Japanese now that the Russian fleet
at Port Arthur is unable longer to men-
ace their troop transports.

The Associated Press in a dispatch
from Port Arthur Sunday last gave
twenty as the number of Japanese
transports reported as having been
sighted steaming in the direction of
Yinkow, the seaport of Newchwang.
Officials of the general staff, while hav-
ing no information in this respect,
would not be surprised if the number
would turn out to be correct or even
that a larger number is steaming
there. They anticipated this move-
ment at the time of the breaking out
of the war, but the activity of Vice
Admiral Makaroff's fleet and the large
army in the vicinity of Newchwang
imposed caution and, it is believed,
made the Japanese abandon, or at least
postpone, it, and caused them to con-
tinue their advance toward Manchuria
through Korea and consider disem-
barkation and a flank movement at
Takushan.

Vice Admiral Togo's immense su-
periority enables him to hold the Rus-
sian squadron in Port Arthur and
Japanese transports, therefore, can
safely pass through the straits of Pe-
chili and attempt to land at the head
of the gulf of Liaotung, under the guns
of the warships, as did General Sha-
fer's army at Baiquiri, Cuba. If this
should succeed, the Japanese will be
in excellent position to execute a
flank movement on Liaoyang or cut
off Port Arthur.

General Kuropatkin recently in-
spected Newchwang. He is familiar
with the strategic position there and
disposed a strong force to contest a
Japanese move at that point, and if
such a move is made, it is believed he
will be able to check it.

ON WEST BANK OF THE YALU.

Russian Troops Fortifying a Mountain
Pass With Batteries.

St. Petersburg, April 19.—A detach-
ment of Russian troops which left
Southern Ussuri has reached Maoer-
shan, on the west bank of the Yalu
river, 175 miles north of Pingyang,
without having encountered any of the
enemy. The detachment has occupied
a mountain pass between Manchuria
and Korea which it is fortifying with
mountain batteries.

An official telegram states that there
is no change in the situation on the
Yalu river. The Russian outposts are
now on islands of the river close to the
Japanese outposts, which are prepar-
ing to retire.

Major General Plung, chief of the
military staff at Port Arthur, tele-
graphs that all statements regarding
a siege and fall of Port Arthur are un-
founded.

Vice Admiral Makaroff's widow has
been granted an annual pension of
\$10,000.

DEFINITION OF RELATIONS.

Russians Explain Their Attitude at
Newchwang.

Newchwang, April 19.—A definition
of the nature of the present relations
between the foreign consuls at New-
chwang and the Russians has been
given by the Russian authorities here,
which explains that the relations are
the same as before the declaration of
martial law.

Though in actual practice, the Rus-
sian position will necessarily be altered,
and is bound, on account of the
nature of the situation, to be different,
as proved by the complicated con-

sular questions arising periodically,
yet the attitude and good will of the
local authorities, together with the
success of the present administration
of martial law, has established confi-
dence, and the international relations,
considering the circumstances, are re-
garded as eminently satisfactory both
at Newchwang and throughout Man-
churia, where there is no disorder.

JAPS PREPARE TO LAND.

Admiral Togo Making Feints on Man-
churian Ports.

Tientsin, April 19.—From three
sources reports have been received
that the Japanese fleet is heading up
the gulf of Liaotung for the seaport of
Newchwang. The transports are de-
scribed in numbers varying from
thirty to seventy. It is said trans-
ports were sighted at several points
near the Chinese side of the gulf. If
this is true the Japanese army may
begin its attack today.

It is stated that Admiral Togo is
making several feints on Manchurian
ports with the evident object of dis-
tracting the Russians, so that the
Japanese military commanders can
make their first big assault with prom-
ise of complete success.

RUSSIAN FORCE ADVANCES.

Seeks to Draw Japanese Attack From
the Yalu.

Seoul, April 19.—The commissioner
of customs at Gensan reports that a
strong Russian force, the number of
which is not known, is advancing on
the great south road, following the in-
land coast of the province of South
Hanggyung. The Russians passed to
the rear of Sungjin, which was occu-
pied by a scouting party. The main
body occupied Pukchuyong, eighty
miles north of Gensan, on April 17.
The flank and rear were exposed with
the evident intention of drawing a
Japanese attack from the Yalu.

BANDIT TRIES TO KILL HIMSELF.

Peter Neidermeier Makes Desperate
Efforts to End His Life.

Chicago, April 19.—Peter Neider-
meier, the leader of the car barn
bandits, condemned to die on the gallows
Friday, made two desperate attempts
at suicide during the day. His condi-
tion as a result is so precarious that
it is feared he will not survive. Should
he still be alive next Friday he will be
carried to the gallows and executed.

Neidermeier planned his attempted
suicide carefully. First he masticated
and swallowed the heads of seventy-
five or a hundred sulphur matches.
While the phosphorus was burning his
stomach he saved at the radial artery
of his left wrist with a sharp pointed
lead pencil. Striking a bone in the
wrist he gave up trying to sever the
artery and turned his weapon on the
large veins on the outer side of his
left forearm and with jabs and a sea-
saw motion he lacerated the flesh and
muscles of the arm and tore open the
veins, leaving a large, jagged wound
exposed, through which the blood
gushed in streams, dyeing his bed
clothing and running down over the
cell floor in pools. His second attempt
was made in the hospital while he was
under guard. He tore off the bandages
and opened the wound with his finger
nails. A slight groan warned the
nurses and the attempt was discovered,
but not until the bandit had lost a
large quantity of blood.

At night the condition of Neider-
meier was much improved and it was
announced that in a day or two he
would be entirely recovered.

FOR VALUABLE PROPERTY.

South Dakota Company Begins Suit in
Oregon Court.

Portland, Ore., April 19.—A suit for
Eastern Oregon mining properties
valued at \$5,500,000 was instituted in
the United States court Monday by the
Iron Dyke Copper Mining company of
South Dakota. The suit is directed
against the Iron Dyke Railway com-
pany et al.

The Iron Dyke Railway company is
a Baker county, Oregon, corporation,
whose principal stockholders are resi-
dents of Erie, Pa. In the bill in
equity filed against them, the plaintiffs
ask for damages to the amount of \$5,
500,000 or practically the value of
mining property, which it alleges be-
longs to it and which is in the control
of the respondents.

All the properties are within five
miles of Baker City. These mines
and the people and company named
have been in litigation since 1901 and
the present suit is the outgrowth of
the old trouble.

FORMED HE MAY SEIZE THE
CUSTOM HOUSES.

WOULD PROTECT AMERICANS

IN CASE ANY FOREIGN POWER
TRIES TO FORCE SETTLE-
MENT OF CLAIMS.

San Domingo, April 19.—United
States Minister Powell informed the
minister of foreign affairs Monday
that in the event of any foreign power
attempting to force a settlement of
the claims of its citizens, thus exclud-
ing the claims of other nationalities,
he would in the name of his govern-
ment take immediate charge of all the
custom houses of the government,
place a military guard and protect the
same in the interest of the United
States creditors, basing his action up-
on the recent decision of The Hague
tribunal. The energetic and decided
action of Minister Powell has greatly
relieved the present grave situation.

By such action all such foreign
claimants will stand upon an equal
footing.

APPROVED IN WASHINGTON.

Attitude of Minister Powell in Santo
Domingo.

Washington, April 19.—Minister
Powell's energetic attitude in behalf
of the United States claimants against
Santo Domingo meets the cordial ap-
proval of the officials of the adminis-
tration here.

There are a number of claims of
United States citizens against Santo
Domingo, notably that of the San
Domingo Improvement company,
which are awaiting settlement, and
this government is anxious that they
should be satisfied.

The minister's action, it is believed
here, was precipitated by recent pub-
lications indicating it to be the inten-
tion of the Italian government to force
a settlement of the claims of its citi-
zens against Santo Domingo. Not only
the Italian government, but the British,
French and German governments have
large claims against Santo Domingo
and it has been known for some time
here that all four countries were losing
their patience in the effort to come to
an agreement with the Dominican gov-
ernment.

SUIT IS UNWARRANTED.

Injunction Against Northern Securities
Company Denied.

New York, April 19.—The hearing
in the suit against the Northern Secu-
rities company, asking a restraining
order against the announced method of
distribution of that company's hold-
ings of Great Northern and Northern
Pacific railroad stocks, was begun in
Jersey City during the day.

E. T. Nichols, secretary and treas-
urer of the Continental Securities
company, filed an affidavit very similar
to the affidavit filed in the Minnesota
suit, the only new thing being a state-
ment that the Continental Securities
company became a stockholder of
record of 500 shares on March 28, six
days after the distribution of stock
had been decided upon.

Vice Chancellor Bergen dismissed
the application for an injunction
against the Northern Securities meet-
ing and the distribution of stock, sus-
taining the Northern Securities conten-
tion that the suit was unwarranted.

St. Paul, April 19.—John Schneider,

death. He had overstaid his leave of
absence in St. Paul, and, being ignor-

told by older soldiers in jest that he
would be shot, he preferred to die by
his own hand. His chances of recov-
ery are poor.

Major Gerlach Has About Finished Inspecting Companies in the Outlying Districts of the State

Major William Gerlach, inspecting officer for the national guard of Minnesota, has nearly completed his work among the outlying companies of the state and will spend this week inspecting St. Paul companies. Thus far, Major Gerlach has inspected fifteen outlying companies, five Minneapolis companies and one St. Paul company.

He says that the inspection is highly satisfactory but that he could not help but notice a lack of interest shown in some of the smaller localities in their national guard companies. He said that at Northfield especially the guard received absolutely no support from the residents and that all of the money received from the state had to be spent to pay the rent of the armory. The companies were shown to be in excellent condition in nearly all localities.

SOME MALICIOUS WORK

Cable Belonging to the Brainerd Telephone Exchange Punctured by a .38 Caliber Bullet—Other Damage Done.

What is thought to have been a piece of malicious work was brought to light yesterday afternoon by Manager Walker of the Brainerd Telephone Exchange. For some time there has been something wrong about the cable which runs in the alley between Front and Laurel streets and considerable time has been spent in locating the trouble. Yesterday afternoon one of the men went over the line and in the alley between the post-office and the J. F. Murphy & Co. clothing store, found that the cable had been punctured with a .38 caliber bullet. The bullet had entered the cable but did not go clear through. Upon further examination it was found that the cable had been hit at several points, but this one place was where the damage was done.

PRESENTATION TO REV. WALKER

Former Congregation of Rev. W. H. Walker, Pastor of Baptist Church Here, Pay Him Due Homage

The following from the Fort Francis Ont. Times regarding Rev. W. H. Walker, the new pastor of the First Baptist church in this city, is clipped:

On Wednesday afternoon of last week the members of the Baptist church and congregation gave a social to Rev. W. H. Walker and Mrs. Walker on the occasion of their leaving Fort Francis to assume charge of the pastorate of the Baptist church at Brainerd, Minn. After an hour or so spent in pleasant chat and social intercourse the company was called to order by Rev. Steinoff who called on Rev. C. Segsworth to read an address a portion of which is given below. At the proper time Deacon D. Biddison made the presentation of a purse which contained nearly \$40:

"It was with sincere regret that we the members and adherents of the Fort Francis Baptist church heard of your decision to sever your connection with this church as pastor. Your departure from us causes us regret because of our attachment to you personally. We feel that by your departure we are each losing a personal friend. Your sojourn among us has not been long, but it has been long enough to show us that you are personally interested both in our spiritual and temporal welfare, and that we can safely confide in you as a true friend.

"We also regret your departure because of the hearty interest you have taken in all the work of our church. During the past year your duties have not been light. The work of erecting a church edifice is no trifling matter. A great deal of anxiety and responsibility must fall to the lot of those who have the work in hand."

When Mr. Walker arose to speak he could hardly control his feelings but he thanked the donors very heartily stating that it was not because he could not get along with the people but he desired a pastorate where he could be in his study more. After singing the hymn "Blest be the Tie That Binds" a splendid luncheon was brought out by the ladies which was appreciated by all. After a further time spent in social chat the gathering came to an end.

TELEPHONE MATTER IS REFERRED BACK

The Special Committee Will Investigate Telephone Question Before Council Will Act

POWER TO EMPLOY EXPERT

Petitioners From Second Ward Remonstrate Against the Contract for Main Sewer

Contrary to expectations there was not very much doing at the meeting of the city council last night and the members were unusually brief and to the point on all matters that came to their attention, adjourning as early as 9:30 o'clock.

The telephone rate question was what a large number of outsiders were interested in but the action taken on this matter was not what they had expected, in fact, nothing was done at all to appease those who are most enthusiastic about the controversy that has been going on.

One of the first matters to be taken up was the communication of Mayor A. Hallsted to the council, vetoing the ordinance passed at the previous meeting, which had to do with the raising of the telephone rate in the residence districts of the city. City Clerk Low was instructed to read the same after which motion prevailed that the communication be referred to the same special committee, Aldermen Robertson, Purdy and Larson, that was first named to look up the telephone matter, which committee made the report at the meeting two weeks ago and upon which report it is assumed the ordinance raising the rate is based. The committee was empowered to hire an expert.

The council was served with a course at was not down on the menu last night and not at all relishable. It was a petition from several residents of the second ward, remonstrating against the raising of the contract for the second main sewer to E. T. Webster, of Green Bay, Wis. The gentlemen based their protestations on the following grounds:

First. The bids were not opened at a right time.
Second. The amount accompanying a bid was not according to law.
Third. The proposed sewer is too small for a district sewer.
Fourth. No provisions are made for laterals.
Fifth. Irregular and unsuitable route for the proposed sewer.
Sixth. Proposed sewer is not a benefit to the majority of the property holders of the second ward.

Seventh. The proposed contract for said sewer is illegal.
Eighth. If this contract is executed the same will be a foundation for injunction suits.

On motion of Alderman C. D. Johnson, seconded by Alderman Robertson, both representatives of the Second ward, the petition was laid on the table and included in the motion were the words, "and that no action be taken." So this little scheme died "while it was born."

Another important question brought up last night was the reference to the move that is on foot among the members of a hose company of the fire department of the city to purchase a steam engine. J. R. Smith presented the matter to the council and asked if the city would accept an engine if it was bought. He admitted that there might be some exigencies which the council would have to consider, and for this reason it was brought up in an informal manner, that it might prove food for thought on this very important question of fire protection. The question was referred to the fire committee to investigate and report.

On recommendation of Dr. J. A. Thabes, health officer for Brainerd, W. P. Locke was appointed sanitary police at \$50 per month.

President Crust presided at the meeting and the following Aldermen responded to the roll call: Halladay, Gardner, Murphy, Johnson, Rowley, Larson and Robertson.

Alderman Johnson made the motion referring the telephone matter to the special committee and included in the motion the committee was given authority to hire an expert and they were also instructed to furnish, when they have completed their labors, a written report of their investigations and researches.

Alderman Halladay reported that the aldermen from the Third ward had received but one bid for the work to be done on the East Brainerd hose house. This bid amounted to about \$65, and the work was ordered done.

The Laurel street obstructions were referred to again last night. It seems that Con O'Brien has a large number of ties on east Laurel street and the city attorney was instructed at the last meeting to have Mr. O'Brien remove them. The ties are not moving fast enough for some of the members of the council and the city attorney was given another reminder.

On motion of Alderman Murphy the street committee was given power to act in repairing some washouts in the Fourth ward. The same motion prevailed in reference to Whiteley street, Northeast Brainerd.

Chief of Police Sargent stated that

the bedding and other stuff recommended by the state board of corrections and charities were not needed in the city jail. He said he thought the festive "hobo" would think this was a summer resort if they got any more bedding in there.

The liquor license application of Geo. Bell was granted and his bond was approved.

The officers of the Brainerd fire department, elected at a meeting of the department held on April 4, were confirmed by the council last night. The officers are:

Chief—A. H. Bennett.
First Assistant—Peter Peterson.
Second Assistant—Peter Wolvert.
Secretary—D. I. Cohen.
Treasurer—John Thompson.

The members of the Brainerd fire department have been working for some time on a new constitution and it was presented last night for the approval of the council. There are some changes and on the whole it is a great improvement over the old constitution. The same was approved on motion of Alderman C. D. Johnson.

A resolution was passed authorizing the laying of a six-foot cement walk on the north side of Front street between Fifth and Sixth streets. This runs along from the corner of the Y. M. C. A. block up to and past the opera house to the hose house. President LaBar, of the Park Opera House association, was present and stated that the association would do its share toward building the walk and besides building the walk along the opera house would also build it half way down from the opera house steps to the corner of Front and Sixth. This will be a much needed improvement. The rest of the way will also be provided for.

Attorney T. C. Blewitt represented the residents of the Second ward who remonstrated against the letting of the contract to E. T. Webster for the construction of the Second ward sewer. This matter brought up considerable discussion. Alderman Halladay put the very pointed question to Mr. Blewitt, "Would this action have been taken if a local bidder got the contract?" Mr. Blewitt replied that he thought it would. Alderman Rowley called attention to the fact that one of the grounds for the objection, that no provision had been made for laterals, was not well taken as he understood it, the law provided for these laterals. The council did not pay much attention to the matter and the petition, as stated above, was laid on the table. Those who signed the petition were: R. K. Whiteley, M. K. Swartz, D. D. Smith, E. B. McCullough, C. E. Cole, F. C. Butts, F. E. Smith, C. L. Burnett, J. M. Hayes and William Bartoch.

In the matter of purchasing the fire engine J. R. Smith stated that it would

cost in the neighborhood of \$2,200. It is the Hope Hose company that is figuring on doing the buying and in fact the members have already been out with a subscription paper and have collected a few hundred dollars, but they realized that the council would have to agree to accept the same so waited for further action of this body. The matter was left in the hands of the fire committee to report at the next meeting. It is not likely the engine will be purchased, but the agitation, it is thought, will result in the purchase of better equipment for the city fire fighters.

A resolution was adopted fixing the salary of Assessor A. G. Trommald for this year at \$700. This is a raise of \$100 over last year and is the highest ever paid for the service, but it is figured the city is growing constantly and the work has been proportionately increasing.

Walter Davis, appeared before the council and asked permission to build a small shed connecting with the upstairs in the Davis block. His request was granted.

Alderman Robertson thought it about time for the street committee to get busy on sidewalk repairs.

Dr. J. A. Thabes called attention to the fact that these are "cleaning up" days and it was about time to engage a sanitary policeman. He recommended W. P. Locke and Mr. Locke was appointed, his salary being fixed at \$50 a month. City Attorney Fleming was instructed to notify E. T. Webster to sign up his contracts and to furnish a bond for \$8,000 for the completion of the Second ward sewer.

Council adjourned.

At the theatre last night the Bioscope company gave another picture entertainment which was away ahead of anything of the kind ever seen here. The feature was the illustration of the trip by electric railroad through the Niagara gorge and every feature of the trip from the falls to the end of the road down the river is shown with wonderful accuracy. The result is something that will not be readily forgotten. Tonight the feature will be scenes in the life of Napoleon, and in addition to this there will be a re-production of the famous world's championship race at Montreal, in which the North Dakota skater, Norval Baptie took part, and a number of other fine and new views. This is by far the best picture entertainment ever given here and the house should be filled. —Grand Forks Herald, April 13.

The Bioscope company will bring their wonderful machine to the Brainerd opera house for four performances commencing Thursday, April 21, with a change of program nightly. They have 1500 feet of films of the Russo-Jap war which they will show here on Thursday night. Seats will be placed on sale tomorrow at Dunn's. Prices 25 and 50 cents.

THE LADIES MINSTRELS

Rehearsals are being held almost nightly now for the big minstrel event of May 6 at the Brainerd opera house when the members of the Bachelor Maids will appear to good advantage. The chorus, which numbers thirty people, is composed of some of the best singers in the city and this feature alone is said to be extra fine and Brainerd people will be given an opportunity of hearing something excellent. The specialty numbers will all be new and up-to-date, and the ladies will not lack for talent either in the character sketches. In fact the entire performance will be something novel and considerable interest has been aroused in the affair.

..

For the week of light and comic opera by the "Beggars Prince" Opera Company at the Brainerd opera house beginning next Monday the prices will be—parquet 50c, parquet circle and balcony 35c, gallery 25 and box seats 75c. The company will open in "Fra Diavolo," that charming story of the disguised bandit. There is plenty of good comedy in it and the music is of exceptionally good quality and tunefulness. Mr. G. Byron Bronte will have an opportunity to disclose his voice and acting ability as "Fra Diavolo." Stanley Felch and F. A. Wade will undoubtedly do good work as two companion robbers. The prima donna and soprano roles are fine, in which Miss Palmer and Miss Hutchinson will be heard to advantage.

TELEPHONE MATTER IS REFERRED BACK

The Special Committee Will Investigate Telephone Question Before Council Will Act

POWER TO EMPLOY EXPERT

Petitioners From Second Ward Remonstrate Against the Contract for Main Sewer

Contrary to expectations there was very much doing at the meeting of the city council last night and the members were unusually brief and to the point on all matters that came to their attention, adjourning as early as 9:30 clock. The telephone rate question was what a large number of outsiders were interested in but the action taken on this matter was not what they had expected, in fact, nothing was done at all to appease those who are most enthusiastic about the controversy that has been going

One of the first matters to be taken up was the communication of Mayor A. Halsted to the council, vetoing the ordinance passed at the previous meeting, which had to do with the raising of the telephone rate in the residence districts of the city. City Clerk Low was instructed to read the same after which motion prevailed that the communication be referred to the same special committee, Aldermen Robertson, Purdy and Larson, that was first named to look up the telephone matter, which committee made the report at the meeting two weeks ago and upon which report it is assumed the ordinance raising the rate was based. The committee was empowered to hire an expert.

The council was served with a course at was not down on the menu last night and not at all relishable. It was petition from several residents of the second ward, remonstrating against the raising of the rate for the Second ward main sewer to E. T. Webster, of Green Bay, Wis. The gentlemen based their protestations on the following grounds:

First. The bids were not opened at a right time.
Second. The amount accompanying a bid was not according to law.
Third. The proposed sewer is too small for a district sewer.
Fourth. No provisions are made for laterals.
Fifth. Irregular and unsuitable route for the proposed sewer.
Sixth. Proposed sewer is not a benefit to the majority of the property holders of the Second ward.

Seventh. The proposed contract for said sewer is illegal.

Eighth. If this contract is executed the same will be a foundation for injunction suits.

On motion of Alderman C. D. Johnson, seconded by Alderman Robertson, both representatives of the Second ward, the petition was laid on the table and included in the motion were the words, "and that no action be taken." So this little scheme died "while it was born."

Another important question brought up last night was the reference to the move that is on foot among the members of a hose company of the fire department of the city to purchase a steam engine. J. R. Smith presented the matter to the council and asked if the city would accept an engine if it was bought. He admitted that there might be some exigencies which the council would have to consider, and for this reason it was brought up in an informal manner, that it might prove food for thought on this very important question of fire protection. The question was referred to the fire committee to investigate and report.

On recommendation of Dr. J. A. Thabes, health officer for Brainerd, W. P. Locke was appointed sanitary police at \$50 per month.

President Crust presided at the meeting and the following Aldermen responded to the roll call: Halladay, Gardner, Murphy, Johnson, Rowley, Larson and Robertson.

PLEDGED FOR PARKER

NEW YORK DELEGATES TO ST. LOUIS CONVENTION FAVOR HIS CANDIDACY.

TAMMANY IS REPRESENTED AT LARGE AND ALSO TWO OF THE ELECTORS.

Albany, N. Y., April 19.—The Democratic state convention for the election of delegates to the national convention selected the following delegates at large:

David B. Hill, Albany; Edward Murphy, Jr., Troy; George Ehret, New York city, and James W. Ridgeway, Brooklyn. As alternates it selected C. N. Bulger, Oswego; W. Cary Ely, Buffalo; C. H. Ackerman, Broome, and Francis Burton Harrison, New York.

The delegates were instructed by a vote of 301 to 149 for Alton B. Parker as the state's candidate for president. Tammany was not treated as badly as had been predicted, being allowed to name a delegate at large, Mr. Ehret, and an alternate, and one of the two electors at large, Harry Payne Whitney, the other being John T. Woodford.

The platform adopted is brief, and in addition to instructing for Parker, compels the delegation to vote as a unit. The platform renews fidelity to the principles of Jeffersonian Democracy; advocates upholding the law; keeping treaties; favors peace, regulation of corporations, economy, revision of tariff and says:

"The Democracy of New York favors the nomination for president of the United States of that distinguished Democrat and eminent jurist of our own state, Alton Brooks Parker; and the delegates selected by this convention are hereby instructed to present and support such nomination at the approaching national convention."

Some District Electors.

Among the district presidential electors are: Isador Straus, Robert B. Roosevelt, Hugh J. Grant, Herman Ridded and John D. Crimmins.

The list of district delegates to the national convention includes the following:

Perry Belmont, P. H. McCarren, George H. Lindsey, Martin W. Littleton, Edward M. Groat, Andrew L. Sullivan, James Shevlin, Congressman T. D. Sullivan, Congressman Sulzer, John Fox, Lewis Nixon, M. W. Palatsek, Bird S. Coler, William McAdoo, W. Bourke Cockran, Robert A. Van Wyck, Charles F. Murphy, Franklin Bartlett, Charles A. Towne, Thomas F. Grady, Harry Payne Whitney, Jefferson M. Levy, Charles W. Dayton, Asa Bird Gardner, William Temple Emmett, John N. Carlisle, Elliott F. Danforth, George Raines and John B. Stanchfield.

When the convention was called to order in Hermanns Bleeker hall, great confusion resulted from orders which had been given to keep the doors closed until the last moment. The result was that when the doors were opened the crowd burst in with a yell and rush. In three minutes the top gallery was filled with a stamping and shouting mass of men and boys. In the galleries were a number of hoarse banners and a running fire of shouts and comments was maintained by the gallery crowd.

Crush Was Tremendous.

The crush before the doors and in the hall was tremendous. The aisles were filled with a scrambling crowd demanding seats at the rate of about three persons to one seat. The police were all but helpless. Hats were smashed, clothing torn, faces scratched and feet trampled in the mad rush.

Order was finally secured and former State Senator George Raines of Monroe county was introduced as chairman and he delivered a speech to the convention.

After roll call the matter of contested seats was referred to the committee and recess was taken until evening.

When the doors of the convention opened at 6:45 p. m. there was a rush that swept before it ushers, door-tenders and police. The word had gone forth that there would be a fight on the floor of the convention and within a few minutes the balcony gallery and stage were jammed. The police ejected hundreds of persons who had pre-empted the delegates seats.

It was not until almost 9 o'clock that the convention was able to order. Senator McCarren presented the report of the committee on platform.

When Judge Parker's name was mentioned in the platform the audience rose to the occasion with the exception of the Tammany delegates and cheered loudly, but not for long.

Moves Adoption of Platform.

Mr. McCarren moved the adoption of the platform and Senator Grady offered a minority amendment providing for an unfranchised delegation to the St. Louis convention.

Senator McCarren then spoke for the other side, and was followed by W. Bourke Cockran in a ringing speech in favor of Mr. Grady's amendment.

Senator Hill arose in the Albany delegation amid wild cheering and suggested that the vote be taken by counties. This was agreed to. The New York amendment was lost by a vote of 149 ayes and 301 noes.

The platform was originally reported was adopted by a vivit voce vote. The list of delegates, alternates and electors was read and adopted, and the new state committee was announced. A resolution was adopted that the state committee be authorized to fill any and all vacancies that may occur in the list of presidential electors and electors at large.

At 10:30 the convention adjourned without day.

NELSON IS INDIGNANT.

Minnesota Senator's Language Surprises the Senate.

Washington, April 19.—The senate Monday continued consideration of the sundry civil appropriation bill but did not conclude it. A number of other bills were passed during the day, including measures ratifying agreements with the Indians of the Devils Lake, Rosebud and Flathead reservations, located respectively in North Dakota, South Dakota and Montana.

The conference report on the army appropriation bill will be considered today.

The discussion turned on the need of wagon roads in Alaska. Mr. Nelson saying that there was a single wagon road in that territory and telling of the country's resources and the hardships of its people. He dwelt upon the productions of Alaska and in his indignation at the neglect of the government exclaimed:

"All this they have done, Mr. President, and in return we have not done a d—d thing for them."

The statement was a surprise to all present, apparently as much to the speaker as to his audience. There seldom has been as spontaneous an outburst of laughter in the senate as the exclamation provoked.

Mr. Nelson joined in the merriment, though with many evidences of embarrassment. His only apology was the remark that "sometimes adjectives came from the heart," and with that he closed his speech.

AFTER A STORMY SESSION.

House Disposes of the General Deficiency Bill.

Washington, April 19.—The house Monday passed the last of the supply bills of the government, the general deficiency appropriation measure, after a stormy session which lasted till 8:15 in the evening. The contest was a party one over the deficiency appropriation for pensions, which the Democrats tried ineffectively to amend by incorporating as a law the recent executive age disability pension order. An effort was made by Mr. Moon of Tennessee to secure a year and may vote on his amendment as to the age disability order, but the speaker refused to recognize him for this purpose. On a pro-forma motion to recommend the bill, the Democrats, angered by the speaker's refusal to recognize Mr. Moon, secured a roll call, but after the vote had been taken all further opposition ceased and the bill was passed. Late in the afternoon Mr. Pitt offered his Chinese exclusion bill, introduced Saturday, as an amendment to the general deficiency bill, and it was accepted without objection.

Several bills were passed early in the day under suspension of the rules.

CONCEALED IN A VAULT.

Thousands of Dollars in Cash and Bonds Located.

Milwaukee, April 19.—In a box in a safety deposit vault engaged a few weeks ago by a servant girl was found over \$20,000 in cash and bonds and a number of warehouse receipts, certifying to the storage of thousands of dollars worth of valuable goods.

This property, which was brought to light Monday, is believed to be a part of the assets of Marcus Kautz, a Chicago bankrupt cap manufacturer, who disappeared suddenly last year when creditors commenced an investigation as to the nature of the security of the Chicago man's financial standing. The money and receipts are alleged to have been concealed in the vault by Anna Kautz of this city, a sister of the missing bankrupt.

Attorneys for the creditors will ask for a receiver to take charge of the property. The developments were the result of proceedings in the bankruptcy court.

WILL NOT PRODUCE MOYER.

Governor Peabody Decides to Ignore Order of Court.

Denver, April 19.—After conferring with Attorney General N. C. Miller, Attorney John M. Waldron and General Sherman Bell, Governor Peabody decided that he would not produce the body of President Charles H. Moyer, president of the Western Federation of Miners, before the supreme court on Thursday under the writ of habeas corpus issued last Friday.

This stand was taken because of representations made by General Bell. He told the governor and attorneys that he was satisfied that a plan had been formed by union men whereby Mr. Moyer would be rescued from the custody of the few soldiers who would be sent in charge of him or harm might come to him through the actions of men in San Miguel county opposed to the Western Federation of Miners and to union men in general.

PLEDGED FOR PARKER

NEW YORK DELEGATES TO ST. LOUIS CONVENTION FAVOR HIS CANDIDACY.

TAMMANY IS REPRESENTED

ALLOWED TO NAME A DELEGATE AT LARGE AND ALSO TWO OF THE ELECTORS.

Albany, N. Y., April 19.—The Democratic state convention for the election of delegates to the national convention selected the following delegates at large:

David B. Hill, Albany; Edward Murphy, Jr., Troy; George Ehret, New York city, and James W. Ridgeway, Brooklyn. As alternates it selected C. N. Bulger, Oswego; W. Cary Ely, Buffalo; C. H. Ackerman, Broome; and Francis Burton Harrison, New York.

The delegates were instructed by a vote of 301 to 149 for Alton B. Parker as the state's candidate for president.

Tammany was not treated as badly as had been predicted, being allowed to name a delegate at large, Mr. Ehret, and an alternate, and one of the two electors at large, Harry Payne Whitney, the other being John T. Woodford.

The platform adopted is brief, and in addition to instructing for Parker, compels the delegation to vote as a unit. The platform renews fidelity to the principles of Jeffersonian Democracy, advocates upholding the law; keeping treaties; favors peace, regulation of corporations, economy, revision of tariff and says:

"The Democracy of New York favors the nomination for president of the United States of that distinguished Democrat and eminent jurist of our own state, Alton Brooks Parker; and the delegates selected by this convention are hereby instructed to present and support such nomination at the approaching national convention."

Some District Electors.

Among the district presidential electors are: Isador Straus, Robert B. Roosevelt, Hugh J. Grant, Herman Ridd and John D. Crimmins.

The list of district delegates to the national convention includes the following:

Perry Belmont, P. H. McCarren, George H. Lindsay, Martin W. Littleton, Edward M. Grout, Andrew L. Sullivan, James Sheelin, Congressman T. D. Sullivan, Congressman Sulzer, John Fox, Lewis Nixon, M. W. Palatzeck, Bird S. Coler, William McAdoo, W. Bourke Cockran, Robert A. Van Wyck, Charles F. Murphy, Franklin Bartlett, Charles A. Towne, Thomas F. Grady, Harry Payne Whitney, Jefferson M. Levy, Charles W. Dayton, Asa Bird Gardner, William Temple Emmett, John N. Carlisle, Elliott F. Danforth, George Raines and John B. Stanfield.

When the convention was called to order in Hermann Bleeker hall, great confusion resulted from orders which had been given to keep the doors closed until the last moment. The result was that when the doors were opened the crowd burst in with a yell and rush. In three minutes the top gallery was filled with a stamping and shouting mass of men and boys. In the galleries were a number of Hearst banners and a running fire of shouts and comments was maintained by the gallery crowd.

Crush Was Tremendous.

The crush before the doors and in the hall was tremendous. The aisles were filled with a scrambling crowd demanding seats at the ratio of about three persons to one seat. The police were all but helpless. Hats were smashed, clothing torn, faces scratched and feet trampled in the mad rush.

Order was finally secured and former State Senator George Raines of Monroe county was introduced as chairman and he delivered a speech to the convention.

After roll call the matter of contested seats was referred to the committee and recess was taken until evening.

When the doors of the convention opened at 6:45 p. m. there was a rush that swept before it ushers, door-tenders and police. The word had gone forth that there would be a fight on the floor of the convention and within a few minutes the balcony, gallery and stage were jammed. The police ejected hundreds of persons who had pre-empted the delegates seats.

It was not until almost 9 o'clock that the convention was called to order. Senator McCarren presented the report of the committee on platform.

When Judge Parker's name was mentioned in the platform with the exception of the Tammany delegates and cheered loudly, but not for long.

Moves Adoption of Platform.

Mr. McCarren moved the adoption of the platform and Senator Grady offered a minority amendment providing for an uninstructed delegation to the St. Louis convention.

Senator McCarren then spoke for the other side, and was followed by W. Bourke Cockran in a ringing speech in favor of Mr. Grady's amendment.

Senator Hill arose in the Albany delegation amid wild cheering and suggested that the vote be taken by counties. This was agreed to. The New York amendment was lost by a vote of 149 ayes and 301 noes.

The platform as originally reported was adopted by a vivi voce vote. The list of delegates, alternates and electors was read and adopted, and the new state committee was announced.

A resolution was adopted that the state committee be authorized to fill any and all vacancies that may occur in the list of presidential electors and electors at large.

At 10:30 the convention adjourned without day.

NELSON IS INDIGNANT.

Minnesota Senator's Language Surprises the Senate.

Washington, April 19.—The senate Monday continued consideration of the sundry civil appropriation bill but did not conclude it. A number of other bills were passed during the day, including measures ratifying agreements with the Indians of the Devils Lake, Rosebud and Flathead reservations, located respectively in North Dakota, South Dakota and Montana.

The conference report on the army appropriation bill will be considered today.

The discussion turned on the need of wagon roads in Alaska, Mr. Nelson saying that there was a single wagon road in that territory and telling of the country's resources and the hardships of its people. He dwelt upon the productions of Alaska and in his indignation at the neglect of the government exclaimed:

"All this they have done, Mr. President, and in return we have not done a damned thing for them."

The statement was a surprise to all present, apparently as much to the speaker as to his audience. There seldom has been as spontaneous an outburst of laughter in the senate as the exclamation provoked.

Mr. Nelson joined in the merriment, though with many evidences of embarrassment. His only apology was the remark that "sometimes adjectives came from the heart," and with that he closed his speech.

AFTER A STORMY SESSION.

House Disposes of the General Deficiency Bill.

Washington, April 19.—The house Monday passed the last of the supply bills of the government, the general deficiency appropriation measure, after a stormy session which lasted till 8:15 in the evening. The contest was a party one over the deficiency appropriation for pensions, which the Democrats tried ineffectively to amend by incorporating as a law the recent executive age disability pension order.

An effort was made by Mr. Moon of Tennessee to secure a yeas and nays vote on his amendment as to the age disability order, but the speaker refused to recognize him for this purpose. On a pro forma motion to recommend the bill, the Democrats, angered by the speaker's refusal to recognize Mr. Moon, secured a roll call, but after the vote had been taken all further opposition ceased and the bill was passed. Late in the afternoon Mr. Pitt offered his Chinese exclusion bill, introduced Saturday, as an amendment to the general deficiency bill, and it was accepted without objection.

Several bills were passed early in the day under suspension of the rules.

CONCEALED IN A VAULT.

Thousands of Dollars in Cash and Bonds Located.

Milwaukee, April 19.—In a box in a safety deposit vault engaged a few weeks ago by a servant girl was found over \$20,000 in cash and bonds and a number of warehouse receipts, certifying to the storage of thousands of dollars worth of valuable goods.

This property, which was brought to light Monday, is believed to be a part of the assets of Marcus Kaatz, a Chicago bankrupt cap manufacturer, who disappeared suddenly last year when creditors commenced an investigation as to the nature of the security of the Chicago man's financial standing.

The money and receipts are alleged to have been concealed in the vault by Anna Kaatz of this city, a sister of the missing bankrupt.

Attorneys for the creditors will ask for a receiver to take charge of the property. The developments were the result of proceedings in the bankruptcy court.

WILL NOT PRODUCE MOYER.

Governor Peabody Decides to Ignore Order of Court.

Denver, April 19.—After conferring with Attorney General N. C. Miller, Attorney John M. Waldron and General Sherman Bell, Governor Peabody decided that he would not produce the body of President Charles H. Moyer, president of the Western Federation of Miners, before the supreme court on Thursday under the writ of habeas corpus issued last Friday.

This stand was taken because of representations made by General Bell. He told the governor and attorneys that he was satisfied that a plan had been formed by union men whereby Mr. Moyer would be rescued from the custody of the few soldiers who would be sent in charge of him or harm might come to him through the actions of men in San Miguel county opposed to the Western Federation of Miners and to union men in general.
